Aloha, Dean and Janice.

According to Stephen Downes at the Star-Advertiser:  
7 Waterfront Plaza, 500 Ala Moana, Suite 7-210 (Tower closest to South St.)  
The entrance faces South Street however, we will be meeting in the main conference room on the 5th floor. Take a left out of the elevator and another left at the main corridor. The Star-Advertiser offices are almost immediately on the right.

Stephen is still trying to get us the call-in number.

FYI, we are planning to give a quick history and background on the Red Hill facility, talk about the Jan. 2014 fuel release and our way ahead. We'll have diagrams and maybe even a couple of display boards to help tell our story. Everything we show will be publically releasable in case they want to use any images.

Dean, did you give us a call-in number for the prep call? I'm sorry if I missed it.

Mahalo,  
Agnes

Hi folks,

Was discussing with Agnes at the Navy for how the Ed Board meeting would run. She suggested that EPA kick off the discussion, and it could run somewhat like the press conference

How does this sound for an agenda?

- US EPA provides opening remarks and short introduction to Red Hill AOC/Issue
- DOH provides any addition comments on state perspective to AOC
- Navy provides their comments
- Open for questions from Star Advertiser editorial staff

Wasn't thinking the remarks from us or DOH needed to be long, just basically setting the stage for questions/discussion.

Just let me know what you folks think and will reply to Agnes with our suggestions.

Thanks!
